

Septeto Internacional **Como Me Gusta El 7**

Latin Jazz brought to perfection. Band leader Michael Fleiner assembles another six first-rate musicians and releases a high-quality Latin Jazz album.

"Como Me Gusta El 7" [*How I like 7*] is catchy and complex at the same time.

The "mathematician of Latin Jazz", as leader, pianist and composer Michael Fleiner is called in Latin America, has discovered and explored new ways in the realm of Afro-Caribbean music and Latin Jazz.

The name 'Septeto' is reminiscent of traditional Cuban bands, such as "Septeto Nacional".
