

## **Septeto Internacional:**

### **Como Me Gusta el 7 (Broken Silence)**

The album's title refers to the uneven beat in Salsa and the nonconformist way of playing it by this all-star combo around their band leader Michael Fleiner. Number 7 stands for its performers' nationalities as well as a variety of different styles in the vast field of Afro-Caribbean music and Latin Jazz. While there is experimenting and improvising the song still takes center stage. This way Fleiner's courage is rewarded by enjoyable listening pleasure all through the album.
